

**STRADDLE CARRIER SIMULATOR
TRAINING COURSE
FOR
NEW OPERATORS**

COURSE INFORMATION:

Held at the NYSA Training Center in a mobile training unit, custom designed for the Straddle Carrier Simulator

INSTRUCTOR INFORMATION:

Facilitated by an ILA Instructor

TEXT AND MATERIALS:

The Straddle Carrier Orientation Course is a prerequisite that utilizes USMX workbook and videos

COURSE DESCRIPTION:

Trainee alternates as a participant and an observer in full day sessions in a straddle carrier operator's cab under simulated conditions, learning basic operating and safety functions utilizing scenarios, designed to increase the trainee's skill levels prior to being released for field training.

**STRADDLE CARRIER SIMULATOR
TRAINING COURSE
FOR
CERTIFIED OPERATORS**

COURSE INFORMATION:

Held at the NYSA Training Center in a mobile training unit, custom designed for the Straddle Carrier Simulator

INSTRUCTOR INFORMATION:

Facilitated by an ILA Instructor

TEXT AND MATERIALS:

USMX videos

COURSE DESCRIPTION:

A half day class where operators participate in operating under scenarios designed to enhance skills and safety awareness in a working terminal environment.

**RUBBER TIRED GANTRY CRANE SIMULATOR
TRAINING COURSE
FOR
NEW OPERATORS**

COURSE INFORMATION:

Held at the NYSA Training Center in a mobile training unit, custom designed for a Ship to Shore or Rubber Tired Gantry Crane

INSTRUCTOR INFORMATION:

Facilitated by an ILA Instructor

TEXT AND MATERIALS:

USMX workbook and videos

COURSE DESCRIPTION:

Trainee alternates as a participant and an observer in full day sessions in a rubber tired gantry crane operator's cab under simulated conditions, learning basic operating and safety functions utilizing scenarios, designed to increase the trainee's skill levels prior to being released for field training.

**SHIP TO SHORE GANTRY CRANE SIMULATOR
TRAINING COURSE
FOR
NEW OPERATORS**

COURSE INFORMATION:

Held at the NYSA Training Center in a mobile training unit, custom designed for Ship to Shore or Rubber Tired Gantry Crane Simulator

INSTRUCTOR INFORMATION:

Facilitated by an ILA Instructor

TEXT AND MATERIALS:

USMX workbook and videos

COURSE DESCRIPTION:

Trainee alternates as a participant and an observer in full day sessions in a ship to shore crane operator's cab under simulated conditions, learning basic operating and safety functions utilizing scenarios, designed to increase the trainee's skill levels prior to being released for field training.

**SHIP TO SHORE GANTRY CRANE SIMULATOR
TRAINING COURSE
FOR
EXPERIENCED OPERATORS**

COURSE INFORMATION:

Held at the NYSA Training Center in a mobile training unit, custom designed for Ship to Shore or Rubber Tired Gantry Crane Simulator

INSTRUCTOR INFORMATION:

Facilitated by an ILA Instructor

TEXT AND MATERIALS:

Advanced simulator training scenarios

COURSE DESCRIPTION:

Trainee alternates as a participant and an observer in full day sessions in a ship to shore crane operator's cab under simulated conditions, using scenarios, designed to teach specific advanced skills.
